

# **Crozet Community Meeting (CCA) Minutes**

## **September 12, 2019 at 7:00 PM**

### **The Field School Auditorium**

Welcome: Tim Tolson welcomed 32 attendees, Including CCAC and CCA members.

The Crozet Community Advisory Committee (CCAC) had their meeting prior to the CCA's bimonthly because of a power outage the evening before at the Crozet library.

Allie Pesch: the CCAC chair introduced herself and had an agenda of Crozet Master Plan update by Andrew Knuppel. The first Crozet Master Plan meeting Monday September 9 was quite successful and over 140 people attended. Workshop #2 will be Tuesday October 1, 6:30-8:00 at WAHS cafeteria.

Barnes Lumber Development Road/Bike Path Discussion was led by Milestone Partners to show the new road design on the property.

Approval of the CCA's last meeting's minutes (May 9, 2019): Brian Gay made the motion and Jo Ann Perkins seconded. Minutes approved unanimously.

Treasurer's Report (2019 Dues: \$10 annual contribution). Tim reported that we had \$18,771.54 within that account, with CCA funds of \$3,670.56 and CIDC funds of \$15,100.98 (not all CIDC expenses have been paid nor any of the charitable donations).

**Albemarle County Police Department (ACPD) may visit and give an update.** (Evening Patrol Division) They were unable to attend.

**Update and News from Ann Mallek**, our county supervisor Ann summarized Monday's meeting at WAHS.

**Presentation:** Claudius Crozet Park Facility Proposal (*Drew Holzwarth, Claudius Crozet Park*)

Drew gave an excellent history of the park and emphasized it has always COMMUNITY OWNED, not an Albemarle County park. We are all owners of the park. The Park has already requested from the Board of Supervisors help to fund this new project for the entire Western Albemarle community. It is a good deal for the county to help with facility. This concept has been considered for a number of years at the Park Board and the wait had to come when the population of the area could support such a facility. It is there now. After school care and senior indoor recreation are in dire need. This will have affordable memberships, due to it is OUR facility. The county will have a state of the art recreational facility without buying the land and operational costs minimum. His pictures of where this facility will be compared to present day shows very little disturbance to Arts and Craft Festival operations. Soon fundraising will begin and already have different organizations to partner with the park.
